MAJOR PROGRAMS

L-3 CMRO IS PROUD TO ANNOUNCE THE LAUNCH OF OUR NEW ON-WING HYDRAULIC SERVICE CENTER.

DEVELOPED WITH THE OPERATOR AND MISSION IN MIND, THE HSC ELIMINATES THE ISSUES INHERENT IN MANY TEST STANDS. THE L-3 CMRO HSC ENABLES OPERATORS TO PERFORM ALL FUNCTIONAL TESTS, WITHOUT DELAY, WHILE SIMULTANEOUSLY PURIFYING THE HYDRAULIC FLUID, CLEANING OUT THE WEAPONS SYSTEMS HYDRAULIC FLUID AND PROVIDING A MEANS OF CONDUCTING FLUID ANALYSIS FOR COMPONENT WEAR STUDIES.

AVAILABLE IN ELECTRIC AND DIESEL MODELS, THE HSC PROVIDES SUPERIOR PERFORMANCE ON THE TARMAC, KEEPING AIRCRAFT AVAILABLE WHEN AND WHERE REQUIRED, SUPPORTING THE MISSION AT HAND.

L-3 CMRO offers full capability to maintain, repair, overhaul and upgrade the performance and reliability of dynamic components, avionics, instrumentation, indicators, power generation, hydraulic & mechanical components, as well as a variety of ground support equipment.
