## Supplier Notice 10-003

December 2010

### Supplier Notice 10-003 – 6310034 Rev. D Workmanship Manual Revision

Valued Supply-Chain Partners -

In support of maintaining compliance with our customers', and regulatory and statutory authorities' requirements and expectations, and to better define our workmanship requirements, L-3 ElectroDynamics (L-3 EDI) has found it necessary to make significant changes to our Workmanship Manual, 6310034. To put this source requirements document into context, our Workmanship Manual, 6310034, is flowed-down to our suppliers on our Purchase Orders via Supplier Quality Assurance Requirements (Form 1002) Clauses 1A, 1B, and 1C.

Numerous changes were made throughout our Workmanship Manual. Please consult the Record of Changes located on page 2 therein, and the corresponding sections denoted with change bars for details. We ask that you take the time to thoroughly review the document in its entirety.

6310034 Revision D of our Workmanship Manual will become **effective for L-3 EDI Purchase Orders dated 01 January 2011 and later**, and can be found our Supplier Information webpage at [http://www.l-3com.com/edi/supplier\\_info.htm](http://www.l-3com.com/edi/supplier_info.htm).

Should you have any questions regarding our revised workmanship requirements, please contact the undersigned.

Sincerely,

/s/  
Louis S. Pacini  
Manager of Supplier Quality
